

1. List of prohibited articles

Prohibited articles in hand luggage:

a) Guns, Firearms & Weapons

Any object capable, or appearing capable, of discharging a projectile or causing injury, including:

All firearms (Pistols, Revolvers, Rifles, Shotguns etc)

Replica and imitation firearms

Component parts of firearms (excluding telescopic sighting devices and sights)

Air pistols, rifles and pellet guns

Signal flare pistols

Starter pistols

Toy guns of all types

Ball Bearing Guns

Industrial Bolt and Nail Guns

Cross bows

Catapults

Harpoon & Spear Guns

Animal Humane Killers

Stun or shocking devices e.g. cattle prods, ballistic conducted energy weapons (taser)

Lighters shaped like firearms

b) Pointed/edged Weapons & Sharp Objects

Pointed or bladed articles capable of causing injury, including:

Axes & hatchets

Arrows & darts

Crampons

Harpoons & spears

Ice axes & ice picks

Ice skates

Lockable or flick knives with blades of any length

Knives, including ceremonial knives, with blades of more than 6 cm, made of metal or any other material strong enough to be used as a potential weapon

Meat cleavers

Machetes

Open razors and blades (excluding safety razors with blades enclosed in cartridge)

Sabres, Swords & swordsticks

Scalpels

Scissors with blades of more than 6 cm in length

Ski and Walking/Hiking poles

Throwing stars

Tradesman's tools that have the potential to be used as a pointed or edged weapon e.g. drills and drill bits, box cutters, utility knives, all saws, screwdrivers, crowbars, hammers, pliers, wrenches/spanners, blow torches

c) Blunt instruments

Any blunt instrument capable of causing injury, including:

Baseball and softball bats

Clubs or batons – rigid or flexible – e.g. Billy clubs, blackjacks, night sticks & batons

Cricket Bats

Golf Clubs

Hockey sticks

Lacrosse sticks

Kayak and Canoe paddles

Skateboards

Billiard, snooker and pool cues

Fishing rods

Martial arts equipment, e.g. knuckle dusters, clubs, coshes, rice flails and num chucks, kubatons, kubasaunts

d) Explosives and flammable Substances

any explosive or highly combustible substances which poses a risk to the health of passengers and crew or the security / safety of aircraft or property, including:

Ammunition

Blasting caps

Detonators and fuses

Explosives and explosive devices

Replica or imitation explosive material or devices

Mines and other explosive military stores

Grenades of all types

Gas and gas containers e.g. butane, propane, acetylene, oxygen – in large volume

Fireworks, flares in any form and other pyrotechnics (including party poppers and toy caps)

Non safety matches

Smoke generating canisters or cartridges

Flammable liquid fuel e.g. Petrol/gasoline, diesel, lighter fluid, alcohol, ethanol

Aerosol spray paint

Turpentine and paint thinner

Alcoholic beverages exceeding 70% by volume (140% proof)

e) Chemical and Toxic substances

any chemical or toxic substances which poses a risk to the health of passengers and crew or the security / safety of aircraft or property, including:

Acids and Alkalis e.g. spillable “wet” batteries

Corrosive or Bleaching Substances – e.g. mercury, chlorine

Disabling or incapacitating sprays including mace, pepper spray, tear gas

Radioactive material. – e.g. Medicinal or commercial isotopes

Poisons

Infectious or biological hazardous material. – e.g. infected blood, bacteria and viruses

Material capable of spontaneous ignition or combustion

Fire extinguishers

f) liquids,

unless in individual containers with a capacity not greater than 100 millilitres or equivalent and contained in one transparent re-sealable plastic bag of a capacity not exceeding 1 litre. The contents of the plastic bag shall fit comfortably and the bag shall be completely closed. Liquids include gels, pastes, lotions, liquid/solid mixtures and the contents of pressurised containers, e.g. toothpaste, hair gel, drinks, soups, syrups, perfume, shaving foam, aerosols and other items of similar consistency.

Exemptions may be granted if the liquid is:

- i) to be used during the trip and is either required for medical purposes or a special dietary requirement, including baby food. When requested to do the passenger shall provide proof of authenticity of the exempted liquid; or
- ii) obtained airside beyond the point where boarding passes are controlled from outlets that are subject to approved security procedures as part of the airport security programme, on condition that the liquid is packed in a bag that is both tamper evident and displays satisfactory proof of purchase at that airport on that day; or
- iii) obtained in the security restricted area from outlets that are subject to approved security procedures as part of the airport security programme; or
- iv) obtained at another Community airport, on condition that the liquid is packed in a bag that is both tamper evident and displays satisfactory proof of purchase at airside at that airport on that day; or
- v) obtained on board an aircraft of a Community air carrier, on condition that the liquid is packed in a bag that is both tamper evident and displays satisfactory proof of purchase on board that aircraft on that day; or
- vi) obtained from outlets located in an airside area beyond the point where boarding passes are controlled or in a security restricted area in an airport situated in a third country listed by the European Commission if the tamper-evident bag in which the liquid is placed displays satisfactory proof of purchase on airside at the third country airport within the preceding thirty-six hours.

g) individual pieces of cabin baggage greater than 56 cm x 45 cm x 25 cm.

The dimensions shall include handles, straps, pockets, wheels and any other protruding items, including contents of the bag.

Exemptions may be granted for oversized cabin baggage containing an item or items which are too large to fit within the permitted bag size and are valuable or fragile. Such oversized baggage shall be presented by the passenger for approval at check-in and at the screening point for examination. Oversized cabin baggage shall be screened by at least a hand search.

The paragraph g shall apply as from 6 May 2008. *(amended 24.04.2007 by Director General of the Civil Aviation Administration, General Order No 4.1-7/07/2)*

- A passenger may be exempted from the requirements listed above that:
 - 1) the appropriate authority (Estonian Civil Aviation Administration) has been informed in advance and given consent that the article(s) may be carried; and
 - 2) the Captain of the aircraft has been informed about the passenger and the prohibited article(s) he/she is carrying.

Where appropriate the prohibited article(s) shall be placed in secure conditions.

- Articles listed above may only be taken aboard aircraft on the following conditions:
 - 1) the passenger has no unsupervised access to such baggage from the point at which the baggage is checked in to the point where it is reclaimed at arrival and
 - 2) these items are not mentioned in the list of prohibited articles below.

Prohibited articles in hand luggage and hold luggage:

Explosives, including Detonators, fuses, grenades, mines and explosives

Gases: Propane, butane

Flammable liquids, including Gasoline, methanol

Flammable solids and reactive substances, including Magnesium, firelighters, firework, flares

Oxidizers and organic peroxides, including Bleach, car body repair kits

Toxic or infectious substances, including Rat poison, infected blood

Radioactive material, including Medicinal or commercial isotopes

Corrosives, including Mercury, vehicle batteries

Vehicle fuel system components which have contained fuel

- Security staff may refuse access to a security restricted area and the cabin of an aircraft any passenger in possession of an article not contained in the list of prohibited items over which they have concern
